

EMPLOYEE BENEFITS

1 MLife

MLife is a free 24-hour virtual assistant service. Members can access this facility via phone or website and save themselves time, money and effort. From finding out where your nearest dentist is, to negotiating better deals on a variety of products and services across SA – MLife has got it covered. Our concierge drivers sit in traffic and stand in queues for you. They'll collect and deliver your laundry, documents and even buy things for you (like that birthday cake you forgot to get for the weekend).
